Equipment

Our „Henkelmann-Camcorder“ uses HC-X1000 digital resolution Ultra-HD (4k) recording format AVCHD, MOV, MP 4 as well as an image sensor BSI MOS which is used to generate 60 full images storable on SD-card. Its objektiv uses 20 times optical zoom and a ND-filter combined with image stabilisation system. This technical advantages & our innovative team guarantees a media product in best quality!
